INCIDENT STATUS SUMMARY (ICS 209)

***1. Incident Name:** 25-0026 02 July Severe Weather			**2. Incident Number:** Travis County
***3. Report Version** (check one box on left)**:** ☐ Initial ☒ Update ☐ Final STAR # (if used):	***4. Incident Commander(s) & Agency, DDEOC or TDEM Region:** Kade Long - TDEM Black Team	**5. Incident Management Organization:** Type 3	***6. Incident Start Date/Time:** Date: 7/5/25 Time: 0200 Time Zone: Central Standard
7. Current Incident Size or Area Involved (use unit label – e.g., "sq mi," "city block")**:** 123 Square Miles	**8. Percent (%) Contained** _____ **Completed** _____	***9. Incident Definition:** Flooding Incident	**10. DDEOC Activation Level:**	***11. For Time Period:** From Date/Time: 7/13/25@ 0000 To Date/Time: 7/13/25@ 1500

Approval & Routing Information

***12. Prepared By:** Print Name: Gabe Mahlum ICS Position: Situation Unit Leader Date/Time Prepared: 7/13/25 @ 1700	***13. Date/Time Submitted:** 7/13/25 @ 1600 **Time Zone:** Central
***14. Approved By:** Print Name: Kade Long ICS Position: Incident Commander Signature: _____	***15. Primary Location, Organization, or Agency Sent To:** Travis County

Incident Location Information

***16. Region:** Region 8	***17. DDEOC:** 12	***18. Legislative District**
19. County(s): Travis County	***20. Judge(s):** Judge Andy Brown	**21. Mayor(s):** Kevin Sullivan, Paul Johnson, Justin Hamilt
22. Longitude (indicate format)**:** 30.571426 **Latitude** (indicate format)**:** -97.94926	**23. EMC(s):** Eric Carter	**24. SOC Activation Level** Level 2 Activation
***25. Short Location or Area Description** (list all affected areas or a reference point)**:** Northwestern Travis County including the communities along Big Sandy Creek and Cow Creek which include Leander Hills, Sandy Creek Hills, Round Mountain, Canyon Ridge Springs, and Pecan Hollow Ranches		**26.**

27. Note any electronic geospatial data included or attached (indicate data format, content, and collection time information and labels)**:** atxfloods.com has the best source of road and bridge closure information. DriveTexas.org has not been updated with accurate information.

Incident Summary

***28. Significant Events for the Time Period Reported** (summarize significant progress made, evacuations, incident growth, etc.)**:**
Pecan Hollow Ranches, with an estimated population of 133, has been cut off due to a bridge failure on Big Sandy Creek. Additionally, FM 1431 has been impacted at Cow Creek, disrupting the primary corridor that connects far west Travis County and Marble Falls residents to the western region of the County. USAR and Travis County Parks Sar crews continue to search and

29. Infrastructure Stabilization (Community Lifelines)**:**

Safety/Security	Food/Water/Shelter	Medical	Energy	Communications	Transportation	HAZMAT
Yellow	Yellow	Yellow	Green	Yellow	Red	Yellow

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc.)**:**

Multiple Roads, Bridges and infrastructure have been affected with significant debris (vegetative and construction) issues along the waterways. 18 Roads and Bridges have been completely destroyed or significantly damaged.

N. Total # Responders Affected:		

33. Life, Safety, and Health Status/Threat Remarks:

High temperatures, elevated humidity, ongoing rainfall chances, and widespread storm damage, including debris and compromised infrastructure, continue to pose significant risks to both the public and emergency responders. The bridge located on Big Sandy Creek and Nameless Road provides one way in and one way out for the community of Pecan Hollow Ranches. HWY 1431 and Cow Creek continues to be inoperable, which also provides a major corridor for the surrounding community.

35. Weather Concerns (synopsis of current and predicted weather; discuss related factors that may cause concern)**:**

High temperatures and potential isolated rainshowers in the forecast will continue to make operations difficult for responders and surrounding communities. Today, USAR operations were halted due to significant rainfall received.

***34. Life, Safety, and Health Threat Management:**	A. Check if Active
A. No Likely Threat	☐

36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour timeframes:

12 hours: High temperatures, isolated rain showers, and significant debris accumulation will continue to pose challenges for respor

24 hours: High temperatures, isolated rain showers, and significant debris accumulation will continue to pose challenges for respor

48 hours: High temperatures and continued rainfall in the forecast will continue to make operations difficult for responders and surr

72 hours: High temperatures, isolated rain showers, and significant debris accumulation will continue to pose challenges for respor

Anticipated after 72 hours: High temperatures, isolated rain showers, and significant debris accumulation will continue to pose ch

37. Strategic Objectives (define planned end-state for incident)**:**

Continue Search, Rescue, and Recovery Operations along Big Sandy Creek and Cow Creek.
Continue repairs to critical infrastructure, including the primary bridge on Big Sandy Drive and Round Mountain Road. Maintain fire, EMS, and law enforcement services for the affected community.
Continue vegetative clearing and debris removal operations, while accurately quantifying both vegetative and household waste to support recovery planning and documentation.

** Required when applicable.*

INCIDENT STATUS SUMMARY (ICS 209)

*1. Incident Name: 25-0026 02 July Severe Weather	2. Incident Number: Travis County

Additional Incident Decision Support Information *(continued)*

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts.

12 hours: Big Sandy Bridge Road Compromised affecting approximately 133 individuals

24 hours: Big Sandy Bridge Road Compromised affecting approximately 133 individuals

48 hours: Big Sandy Bridge Road Compromised affecting approximately 133 individuals

72 hours: Big Sandy Bridge Road Compromised affecting approximately 133 individuals

Anticipated after 72 hours: Big Sandy Bridge Road Compromised affecting approximately 133 individuals

39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

12 hours: PSTAT Submissions (Veg), Road and Bridge Repairs, and Locating Viable Debris Management Sites in the affected are

24 hours: PSTAT Submissions, Road and Bridge Repairs, and Locating Viable Debris Management Sites in the affected areas

48 hours: PSTAT Submissions, Road and Bridge Repairs, and Locating Viable Debris Management Sites in the affected areas

72 hours: Submissions, Road and Bridge Repairs, and Locating Viable Debris Management Sites in the affected areas

Anticipated after 72 hours: PSTAT Submissions, Road and Bridge Repairs, and Locating Viable Debris Management Sites in the

40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:

1) critical resource needs identified above,
2) the Incident Action Plan and management objectives and targets,
3) anticipated results.

Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.

Big Sandy Creek Bridge is inoperable. Travis County Road and Bridge is installing a low water crossing as a temporary solution for the residents of Pecan Hollow Ranches (population 133). Travis County residents in Pecan Hollow Ranches will continue to be affected due to lack of transportation across Big Sandy Creek.

Search, Rescue, and Recovery operations will continue along Big Sandy Creek and Cow Creek.

Locating a viable Debris Management Site has been challenging, particularly in the Big Sandy Creek area. A Debris and Trash Drop Off is located at FM1431 Citizen's Collection Center and Travis County Transportation and Natural Resources is identifying additional

41. Planned Actions for Next Operational Period:

Continue Search and Rescue Operations in Cow Creek and Big Sandy Creek
Continue to find solutions for residents of Pecan Hallow Ranches for transportation and emergency service needs across Big Sandy Creek.

42. Projected Final Incident Size/Area (use unit label – e.g., "sq mi"): n/a

43. Anticipated Incident Management Completion Date: 7/30/25

44. Projected Significant Resource Demobilization Start Date: 7/20/25

45. Estimated Incident Costs to Date: $300,000 (est Travis County Cost)

46. Projected Final Incident Cost Estimate: NA

47. Remarks (or continuation of any blocks above – list block number in notation):

** Required when applicable.*
